I am a passionate Full-Stack Developer with expertise in JavaScript, React, Node.js, PHP, and MySQL. I have built and deployed web applications like a real estate platform and a blogging system, focusing on scalable backends and smooth user experiences. Always eager to learn and contribute to innovative projects.

TECHNICAL SKILLS

Front-End: HTML/CSS, JavaScript (ES6+), React, Tailwind CSS, Bootstrap

Back-End: Node.js, Express, PHP, REST APIs, JWT Authentication

Database & Cloud: MySQL, MongoDB, Firebase, Render

Tools & DevOps: Git, GitHub, Postman, Docker (Basic), VS Code

EDUCATION

Bachelor Of Computer Application (B.C.A)

Saurashtra University, Rajkot *– Kamani Science College*

Amreli, Gujarat   2022 – 2025

- Relevant Coursework: Database Management, Web Development, Software Engineering

PROJECTS

House Treasure – Real Estate Platform | [Live Site](#)

- Built with **PHP, MySQL, JavaScript** featuring dynamic property listings, agent dashboards
- Implemented **smooth animations** using Locomotive Scroll, improving engagement by 25%
- Developed **admin panel** for property management

MERN Blog – Blogging Platform | [Live Site](#)

- Created with **React, Node.js, Express, MongoDB**
- Features: JWT authentication, comment system, search functionality
- Designed responsive UI with **Tailwind CSS**

ACHIEVEMENTS

- **Developed and deployed 2 full-stack applications with complete frontend-backend integration**
- **Optimized database queries, reducing API response time by 20%**
- **Implemented secure authentication using JWT**
